## MANY EXPERTS GO

State and National Authorities  
to Dry Farm Meeting.

Garden City Preparing for a  
Big Crowd.

Garden City, Kansas, May 30.—This city is anticipating the largest convention ever held here in the Kansas Dry Farming Association Congress here June 4 and 5. Over 5,000 personal invitations have been sent out to leading farmers over western Kansas and returns indicate that several thousand people will be here for the meetings.

Among the farm experts of state and national reputation who have signified their intention of attending are C. R. Ball, J. E. Cole and W. W. Burr of the United States department of agriculture; President H. J. Waters, Deans W. M. Jardine and J. H. Miller and Professors C. A. Cochet, O. E. Reed, H. B. Walker and State Engineer W. S. Gearhart of the state agricultural college; H. M. Balmer of the Santa Fe; H. M. Cottrell of the Rock Island and Jno. T. Burns of the International Dry Farming Congress.

### GET FEDERAL EXPERT.

C. D. Steiner Will Assist Boys and Girls in Economic Pursuits.

Manhattan, Kan., May 30.—The boys and girls of Kansas are to have more complete supervision and encouragement in their agricultural, sewing and cooking clubs and prize contests. This is to be brought about by a franking privilege obtained by the United States department of agriculture for the use of C. D. Steiner, who has charge of this work at the Kansas Agricultural college. He will now be able to send, by mail, all the necessary information and encouragement needed by each local organization. This will also mean a saving of several hundred dollars for Mr. Steiner's use for traveling expenses which will mean more personal touch with his work in encouraging the young people of Kansas in agricultural and economic pursuits.

### HARVEST ADVANCE MEN.

Police of Salina Request Many to Keep Moving.

Salina, Kan., May 30.—The police have already been made aware that stories of a big wheat crop in Kansas have been finding their way to the east. During the past week they have been called upon a number of times to disperse bunches of travelers, who have shown a propensity to bunch themselves on the outskirts of the city and along the river in true tramp style. It is generally found that the early harvest hands, who come into the country in this manner, are not of the same value as those who come later and are generally out looking for a soft snap, and do not care for work unless it is in enormous figures. Each time the men have gathered in hands they have been invited by the officers to move on.

### OTTAWA HOME COMING.

Scott-Allen Debate and Chautauqua Are Other Features.

Ottawa, Kan., May 30.—Home coming week in connection with the first week of the 1913 session of the Ottawa chautauqua assembly is now assured. The assembly and home coming week will open August 5, and one of the largest crowds that ever attended an assembly session is expected to be in Ottawa on that date. It is planned to induce automobile owners from the entire eastern half of the state and from Kansas City, to come to Ottawa for this opening day. The opening day of the assembly will be one of the best of the entire session, with the famous Scott-Allen debate in the afternoon.

### KANSAS HEAD OF W. R. C.

Isabel Worrell Ball of National Tribune Has Been Elected.

Larned, Kan., May 30.—Should she decide to accept it is probable Mrs. Isabel Worrell Ball, associate editor of the National Tribune, Washington, D. C., and first vice president of the National W. R. C., will be the next president of the National W. R. C. While on a recent visit with relatives in this city Mrs. Ball said it was probable she would decline the office if tendered though four national departments, having a total of over 200 votes, have endorsed her. Mrs. Ball was the first school teacher in Larned and made this city her home for nearly 20 years.

### PARK SYSTEM FOR LARNED.

Would Name Them as Memorial to Pioneer Residents.

Larned, Kan., May 30.—A movement is afoot here for the creation of several small parks in various parts of the city, to be named after pioneer members of the original Larned Townsite company. Captains Henry Booth, A. C. Thayer and S. P. Thayer, and Colonel Tim McCarthy, all now deceased, are named as the pioneers in whose honor the parks are to be named. The four men named were not only prominent locally but took important parts in early state politics.

### ENGAGE COLLEGE EXPERT.

Pawnee County Farmers Building Concrete Silos.

Larned, Kan., May 30.—Five Pawnee county farmers have engaged the services of a silo expert from the State Agricultural college in the construction of cement silos on their farms.

## Wear Silk Plated Hose

Without doubt the most beautiful and serviceable hose yet devised is the Silk Plated—for men, women and children. Being silk on the outside, they possess all the lustrous beauty of pure silk, and as they are lisle inside they withstand lots of wear. All have lisle heel, toe and spliced sole, the women's having also high spliced heel.

Ladies' and Children's Silk Plated Hose come in black, white and tan—per pair 35c  
—Men's and Infants' Silk Plated Hose come in all the standard colors—per pair. . . . . 25c

"Blue Ribbon" Toilet Paper, 1000 sheets to the roll—special for Saturday only 7 rolls 25c

## Summer Footwear Must Give Comfort, Too

It is not enough that shoes be merely stylish. During the hot months of summer one wants comfort and ease as well. In the many "Dorothy Dodd" Oxfords and Pumps we are showing, there's a style for almost any fancy—styles that are correct—and we would like to show you tomorrow that it is not necessary to sacrifice one bit of style to get foot comfort. Built on beautiful flexible lines, they add beauty to the feet. Priced at \$3.50 to \$5.00.

Come in Tomorrow.  
Start the child's vacation with a pair of sturdy, comfortable shoes. Get a pair of our "Nine O'Clock School Shoes." They're made for growing feet.

C. E. BASCOM, C. P. A.  
Phone 4036

They are J. M. Lewis, A. L. Stockwell, J. H. Boisseau, H. L. Brown and J. E. Gilkinson. Mr. Lewis, Mr. Stockwell and Mr. Brooks have purchased cement silo forms for the future use of farmers in this section and local contractors are learning the art of cement building from the college professor. It is believed many silos will be built in the county this year.

### RESTORE SOULE COLLEGE.

Catholics Buy Property and Will Establish School and Hospital.

Dodge City, Kan., May 30.—Between now and September 1 the Catholics will spend \$10,000 in improving Old Soule college. At that time the girls' seminary will be opened. Soule college was founded in the boom days by leg was operated for several years by the Methodists and when hard times came, abandoned. Last year the Methodist Episcopal Conference sold it to the Catholics and reconstruction work has been in progress since. According to Bishop Hennessey of Wichita a new Catholic church and Catholic hospital will follow the opening of the college, making Dodge City the Catholic center of western Kansas.

### FAVOR BIG WELLS.

Garden City Goes on Record Favoring Water Supply.

Kinsley, Kan., May 30.—The new city council has gone on record as favoring one large well to numerous smaller wells for obtaining the local water supply. Small wells, scattered

over the city, have been tried here for several years but are not satisfactory. At the time of their installation it was thought they would give more equal pressure and purity to the supply in all parts of the city. The one well system will be re-established.

### PLANT NEIGHBOR'S CORN.

Injuries by Hog Causes Holmes to Become Invalid.

Larned, Kan., May 30.—Neighbors of F. P. Holmes, now considered a confirmed invalid as the result of an attack of a vicious hog last December, recently gathered at his farm and planted a considerable portion of his land to corn.
